Introducing ClearSense

See where Liquidity Lives

A companion tool for Wheel traders seeking liquid stocks, attractive premiums, and better trading opportunities.

JUNE 24, 2026

The Challenge.

Now you understand, SILTO, Liquidity, CSPs, CCs, and Rolling.

How do you find opportunities quickly across hundreds of stocks?

Want to collect rent on your stocks?

The challenge isn't finding opportunities
The challenge is finding tradeable opportunities.

Not all premium is created equal.

The ability to enter, exit, and roll your position matters.
That's tradability.

Liquidity matters.

Better liquidity often leads to better execution.
Easier entries, exits, and rolls.

Where is the Rent?

Which stocks currently offer the strongest option premiums across the market?
